PROJECTS

Stock Market Tracking React App
React, Axios, JSX, CSS
dcstockmarket.surge.sh/

Front end application to search for, research, and track stock market data. It was a great exercise in handling and transforming lots of data, as well as using other's React components, NPM packages, and APIs.

WORK HISTORY

Bartender, Server | Versante Hearth and Bar
Park City, Utah | Dec 2016 - Aug 2019

- Helped Versante go from brand new to a top 5 restaurant in Park City on yelp.com as part of the opening team.
- Thrived in a high stress, fast paced environment, effectively balancing customer service, dinging experience, communication with team members, and drink preparation.

Certified Personal Trainer | 24 Hour Fitness
Salt Lake City, Utah | Jul 2018 - Oct 2018

- Built personalized exercise plans and schedules for clients
- Used coaching and behavior change techniques to help clients get the most out of their training regimen.
- Pursued and managed leads independently, and coordinated with fellow trainers and sales staff to increase efficiency and capture sales.

Food and Beverage | Grand Summit Hotel
Park City, Utah | Dec 2015- Aug 2019

- Met 4 start standards in multiple departments, including Hotel Banquets, Room Service, and First Tracks Cafe
- Hosted 500+ person conferences for international companies and organizations as part of a large, diverse team.
